

Field Service Engineer, Monfalcone (Italy)

About Telemar

Leveraging on more than 75 years of expertise, we offer our maritime customers an integrated portfolio of bridge electronics, on-board and smart maintenance services, as well as hybrid connectivity solutions through the Marlink Group.

We support more than 3,000 ships with our maintenance contracts and marine electronic solutions designed to improve navigation safety and operational efficiency. We are certified distributor of all major bridge technology manufacturers, and expert in safety & regulations.

We offer a global 24/7 service desk with more than 100 highly qualified technicians and engineers combined with a network of more than 1,250 service points supporting maritime customers worldwide.

About the Marlink Group

Telemar became part of the Marlink Group in 2016. Marlink Group has more than 1400 colleagues working in more than 30 locations around the world and helps customers in industries including Shipping, Energy and Humanitarian to run their business remotely in ever smarter, more profitable and sustainable ways.

Your Mission

As a Field Service Engineer you are responsible for the installation, repair, troubleshooting and maintenance of maritime navigation and communication systems.

- Complete all required documentations such as service reports and acceptance protocols
- Optimize utilization of technical and applications tools

Main Tasks

- Fault analysis of equipment and systems onboard as well as system check with regard to the required spare parts, interpret schematic diagrams, use manufacturer's manuals and use your knowledge of electronics
- Perform radio inspections according to IMO and Class authorities
- Ensure on-time commissioning and handover to clients, attending sea trials

Qualification, skills & requirements

- Experience in installing and maintaining navigation and communication technologies
- Team player
- Flexible, resilient and good at taking the initiative
- Excellent customer and service skills
- Strong verbal and written English
- Ability to travel worldwide
- Valid Passport and Driver's licence
- Preference for LRC or GOC radio licence

Our Commitment

Our Corporate Social Responsibility approach is part of the Marlink DNA to develop our business and people operate responsibly. Marlink has incorporated and respects the Ten Principles of the [UN Global Compact](#) into our strategies to establish a culture of integrity, value, trust and innovation.

The Marlink Group is a transnational organization and considers cultural diversity as one of its greatest strengths. Additionally, we support diversity in race, gender, religion, national origin, political opinion, sexual orientation, social origins, age and physical or mental character.
